

Dauphin Graphic Machines / DGM Founder Chris Lunt Joins *The Siebold Company's* DGM Division Advisory Board

Harrisburg, Pennsylvania The Siebold Company is pleased to announce the election of Chris Lunt as Lead Director of the Siebold DGM Advisory Board. Chris will be working with the Siebold team and key DGM customers to rebuild the brand, after 11 years of foreign ownership. As all of our DGM customers know, Chris was the driving force that took DGM from a service and parts organization to a full-service designer and manufacturer of complete press systems. *"I am thrilled to lead the Siebold DGM Advisory Board and to be working*

Chris Lunt, Lead Director of the *Siebold DGM Advisory Board*, looks forward to seeing old friends who stop by the *Siebold DGM Exhibit (Booth #55/56)* during the *America East Technology Conference* in Hershey, PA next week.

with my DGM customers again", stated Mr. Lunt. *"I have known Christopher Miles for decades as a good customer and good friend and I look forward to working with Christopher and the entire Siebold DGM team to help our customers get the high-quality products and services they deserve".*

Before joining the Siebold Company last year, Christopher Miles was a DGM customer for many years. *"Working with Chris Lunt has always been a pleasure",* mentioned Miles. *"Chris has always been customer-driven and having him lead our DGM Advisory Board is an honor for us".* Siebold President Jim Siebold added: *"We are very happy to have Chris Lunt on our Advisory Board, and all of us look forward to working with him".*

Chris Lunt looks forward to seeing old friends and customers at the *America East Technology Conference* next week in Hershey, PA. Please plan to stop by the Siebold Exhibit Booth # 55/56 to say "Hello" to Chris. He'd love to see you!

The Siebold Company, Inc. (TSC) is the parent company of *Dauphin Graphic Machines / DGM* and *Smith Pressroom Products* providing their customers with a wide variety of newspaper press products and services, including: press and auxiliary brokering; press reconfiguration; press relocation; web width reduction; mechanical & electrical rigging and a complete array of color management services by GATF & PIA qualified color specialists.
